

ANNUAL AKC AGILITY RANKINGS

Compiled by Bea Page

Top 5: <https://www.akc.org/sports/agility/exhibitor-resources/agility-statistics/>

Names are listed as they were at the time the dogs were ranked.

In 2003, AKC began ranking the Top dogs in each breed annually. Dogs must qualify in Master level to get ranked. Dogs earn points for each full second under allotted time that they complete a Master level course. Total points come from this formula from qualifying runs in Master Regular Standard and/or Master Regular Jumpers with Weaves classes: Double Q's x 10 + MACH points.

AKC uses this ranking system to determine eligibility for the annual AKC National Agility Invitational. Only the top 5 in each breed are invited to compete. The inaugural year for the Invitational was 2006. Starting in 2011, AKC added the Preferred Master classes to its rankings. If 5 dogs of a breed in the Regular Master classes do not meet the scoring criteria, then the top 5 rankings are extended to dogs that have qualifying scores in the Preferred Master classes based on this formula: Double Q's x 10 + PACH points.

When 5 dogs of a breed meet the Regular Master classes scoring criteria, then those 5 plus the Top dog in Preferred Master are invited. In 2014, AKC began publishing mid-year rankings to be in sync with the qualifying period for the Invitational (mid-year to mid-year). Starting in 2018, more than 5 Bulldogs have met the Invitational scoring/qualifying criteria during the same eligibility period & made the Rankings, but as with all breeds, competition at the event is limited to 5 (the Top 5 or second round invitees if a Top 5 declines to enter).

Provided at the bottom of these official AKC rankings is a second list of additional dogs who were not officially ranked by AKC, but would have been if today's rankings criteria had been in place at the time these dogs earned qualifying scores at the Master level.

Pre-2003

Source: AKC's Online Store Awards Records

AKC's online rankings for Regular classes do not go back further than 2003, and for Preferred classes do not begin until 2011; however, awards records for all Bulldogs with AKC Excellent level titles reveal that from 2001 thru 2010, nine dogs had qualifying runs in Excellent B (label for the Master class back then), so Bea Page has unofficially ranked these 9 dogs as a courtesy & historical addendum to AKC's official list. Dogs below are ranked in order:

(1) By number of speed points accrued for each full second under time in Standard and/or Jumpers with Weaves Excellent B, plus 10 points for each QQ for a total score. Runs that were completed right on the allotted time earned a Q, but no speed points for being under time, so that is why there are some scores of 0.

(2) If no speed points were accrued, dogs are ranked by total number of Qs accrued per year. These rankings do not go back further than 2001 since that is the first year that any Bulldog earned a qualifying score in Master (Excellent B) – the criterion required for rankings.
